

Sanity Schema Example:

```
// schemas/product.js
export default {
  name: 'product',
  title: 'Product',
  type: 'document',
  fields: [
    {
      name: 'name',
      type: 'string',
      title: 'Product Name',
      description: 'furniture product 1',
    },
    {
      name: 'price',
      type: 'number',
      title: 'Price',
      description: 'furniture product Price'
    },
    {
      name: 'stock',
      type: 'number',
      title: 'Stock Level',
      description: 'Enter the available stock for this product',
    },
    {
      name: 'image',
      type: 'image',
      title: 'Product Image',
      description: 'Upload an image for the product',
      options: {
        hotspot: true
      }
    },
    {
      name: 'description',
      type: 'text',
      title: 'Product Description',
      description: 'Provide a detailed description of the product',
    }
  ]
}
```

Track Shipment Status

Endpoint Name: /shipment

Method: GET

Description: Track the shipment status of an order using a third-party API.

You can integrate an external service to fetch the latest status of the order's shipment.

```
{  
  "shipment_id": "abc123xyz",  
  "order_id": 12345,  
  "status": "shipped",  
  "expected_delivery_date": "2025-01-20"  
}
```

Endpoint Name: /orders

Method: POST

Description: Create a new order in the Sanity backend.

This endpoint will take customer details and product details to generate an order.

```
{
  "customer_info": {
    "name": "hammad",
    "email": "hammad.123@example.com",
    "shipping_address": "Clifton, Karachi, Sindh"
  },
  "products": [
    {
      "id": 1,
      "quantity": 2
    },
    {
      "id": 2,
      "quantity": 1
    }
  ],
  "payment_status": "pending"
}
```

Response API will look like this :

```
{
  "order_id": 12345,
  "status": "created",
  "message": "Order created successfully"
}
```

Act
Go t

Endpoint Name: /products

Method: GET

Description: Fetch all available product listings from the backend (Sanity CMS).

```
[
  {
    "id": "1",
    "name": "Product A",
    "price": 100,
    "stock": 50,
    "image": "product_image_1"
  },
  {
    "id": "2",
    "name": "Product B",
    "price": 150,
    "stock": 30,
    "image": "product_image_2"
  }
]
```
